The diagram illustrates a data table structure. It is divided into two main horizontal sections. The top section, labeled "Dati input della tabella compilata da parte degli user", is a large rectangle with a light gray background and a black border. It contains a large 'X' formed by two diagonal lines crossing in the center. The bottom section is a table with a light gray background and a black border. It has three columns of equal width. The first column is labeled "ID" and contains the values "1", "2", and "3" in its three rows. The second column is labeled "Nome" and contains the values "Mario", "Luigi", and "Peach" in its three rows. The third column is labeled "Cognome" and contains the values "Rossi", "Bianchi", and "Verdi" in its three rows.

ID	Nome	Cognome
1	Mario	Rossi
2	Luigi	Bianchi
3	Peach	Verdi
